Customer Problem Statement

The Customer Registry System enables customers to register complaints, track complaint status, manage their profile, and provide feedback through a centralized web portal.

I am	A customer who wants a simple online complaint system.
I'm trying to	Register complaints and track their status online.
But	The existing process is slow and lacks transparency.
Because	There is no centralized digital complaint management system.
Which makes me feel	Frustrated, uncertain, and dissatisfied.

Problem Statements

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A customer	Register and submit complaints online	Process is slow	No centralized portal	Frustrated
PS-2	Registered customer	Track complaint status	No timely updates	Traditional manual process	Dissatisfied
