Project Name	Customer Registry System
Team Members	Jyothi Swaroop, Bhu Mahesh, Mohith
Maximum Marks	4 Marks

Objective: The objective of the **Customer Registry System** is to provide a secure and user-friendly platform for customers to register and manage their complaints online. The system aims to simplify the complaint submission process and eliminate manual paperwork. It enables users to track the status of their complaints in real time and receive timely updates. The application also allows customers to manage their profiles and submit feedback after issue resolution. By improving transparency, accessibility, and communication, the system enhances customer satisfaction and service efficiency. Overall, it provides a reliable digital solution for effective complaint management.
